Part II: Certification

II. Health information			
II.1.	Animal health attestation		
	I, the undersigned official veterinarian, hereby certify that the hatching eggs(1) described in this certificate:		
II.1.1	meet the provisions of Directive 2009/158/EC;		
II.1.2	come from flocks which have remained on:		
(2)(3)either	○ [the territory of code _____;]		
(3)(4)or	○ [compartment(s) _____;]		
	for at least three months. Where the flocks from which the hatching eggs come were imported into the country, territory, zone or compartment of origin, this took place in accordance with veterinary conditions at least as strict as the relevant requirements of Directive 2009/158/EC and any subsidiary Decisions;		
II.1.3	come from :		
(2)(3)(9)either	○ [the territory of code _____;]		
(3)(4)or	○ [compartment(s) _____;]		
(a)	which, at the date of issue of this certificate, was (were) free from Newcastle disease as defined in Regulation(EC) No 798/2008;		
(b)	where a surveillance programme for avian influenza according to Regulation (EC) No 798/2008 is carried out;		
II.1.4	come from:		
(2)(3)either	○ [the territory of code _____;]		
(3)(4)or	○ [compartment(s) _____;]		
(3)either	○ [II.1.4.1 which, at the date of issue of this certificate was (were) free from highly pathogenic and low pathogenic avian influenza as defined in Regulation (EC) No 798/2008;]		
(3)or	○ [II.1.4.1 which, at the date of issue of this certificate was (were) free from highly pathogenic avian influenza as defined in Regulation (EC) No 798/2008, and were derived from parent flocks which have been kept in an establishment:		
(a)	in which low pathogenic avian influenza has not been present within the last 30 days prior to the time of collection of the eggs;		
(b)	located in an area which is not placed under official veterinary restrictions by the competent authority in relation to an outbreak of low pathogenic avian influenza and in any case around which within a 1 km radius low pathogenic avian influenza has not been present within the last 30 days prior to the time of collection of the eggs on any establishment;		
(c)	where there has been no epidemiological link to an establishment where low pathogenic avian influenza has been present within the last 30 days prior to the time of collection of the eggs;]		
II.1.5	were derived from parent flocks which:		
(3)either	○ [have not been vaccinated against avian influenza;]		
(3)or	○ [have been vaccinated against avian influenza in accordance with a vaccination plan under Regulation (EC) No 798/2008 using:		

	(name and type of used vaccine(s))		
	at the age of _____ weeks;]		
II.1.6	come from flocks which:		

Part II: Certification

II. Health information																																									
		<p>(a) have been examined at the date of issue of this certificate and showed no clinical signs of or grounds for suspecting any disease;</p> <p>(b) have been kept for at least six weeks immediately prior to import to the Union in the establishment(s) defined in Box I.11 of Part I, officially approved in accordance with requirements that are at least equivalent to those laid down in Annex II to Directive 2009/158/EC:</p> <ul style="list-style-type: none"> - the approval of which has not been suspended or withdrawn; - which is (are) not subject to any animal health restriction; - within a 10 km radius of which, including, where appropriate, the territory of a neighbouring country, there has been no outbreak of highly pathogenic avian influenza or Newcastle disease for at least the previous 30 days; <p>(c) during the period mentioned in (b), have had no contact with poultry not meeting the requirements laid down in this certificate or with wild birds;</p> <p>(d) have undergone a disease surveillance programme for:</p> <p>(3)either <input type="radio"/> [Salmonella Pullorum, S. Part II: Certification

Part II: Certification	II. Health information			
	(5) <input type="checkbox"/> [II.2.2] Neither Salmonella Enteritidis nor Salmonella Typhimurium were detected within the control programme referred to in point II.2.1.]			
	II.3. Animal health additional guarantees			
	(10) <input type="checkbox"/> [II.3.1] the hatching eggs described in this certificate were collected from breeding poultry flocks which have been examined and tested in accordance with point 8 of Section I of Annex III to Regulation (EC) No 798/2008].			
	II.4. Additional health requirements			
	(2)(3)either	I, the undersigned official veterinarian, further certify that: although the use of vaccines against Newcastle disease which do not fulfil the specific requirements of Annex VI (II) to Regulation (EC) No 798/2008 is not prohibited in: the poultry from which the hatching eggs are derived: (a) has not been vaccinated for at least the previous 12 months with such vaccines; (b) comes from a flock or flocks that underwent a virus isolation test for Newcastle disease, carried out in an official laboratory not earlier than 14 days preceding consignment on a random sample of cloacal swabs from at least 60 birds in each flock concerned and in which no avian paramyxoviruses with an Intracerebral Pathogenicity Index (ICPI) of more than 0,4 have been found; (c) has not been in contact during the last 60 days before consignment with poultry that does not fulfil the conditions in (a) and (b); (d) has been kept in isolation under official surveillance on the establishment of origin in the 14-day period mentioned in (b).]		
	(3)(4)or			
	(3)either			
	(3)or			
	II.5. Animal transport attestation			
II.5.1	I, the undersigned official veterinarian, further certify that:			
(3)either	the hatching eggs are transported in containers which are:			
(3)or	(3)either <input type="checkbox"/> [disposable, clean and used for the first time;] (3)or <input type="checkbox"/> [cleaned and disinfected before loading of the hatching eggs in accordance with the instructions of the competent authority of the country or territory of origin;] and which:			
(a)	contain only hatching eggs of the same species, category and type coming from the same establishment;			
(b)	bear the following indications:			
-	the word "hatching",			
-	the name of the country, territory, zone or compartment of consignment,			
-	the species of poultry concerned,			
-	the number of eggs,			
-	the category and type of production for which they are intended,			
-	the name, address and approval number of the production establishment,			
-	the approval number of the establishment of origin,			
-	the country of destination in Great Britain;			
(c)	are closed in accordance with the instructions of the competent authority to avoid any possibility of substitution of the contents;			
II.5.2	the containers and vehicles in which the boxes mentioned above have been transported have been cleansed and disinfected before loading in accordance with the instructions of the competent authority.			

Part II: Certification	II. Health information			
	Notes			
	(*) Those countries subject to the transitional import arrangements include: an EU member State; Liechtenstein; Norway and Switzerland.			
	References to Great Britain in this certificate include Channel Islands and Isle of Man.			
	References to European Union legislation within this certificate are references to direct EU legislation which has been retained in Great Britain (retained EU law as defined in the European Union (Withdrawal) Act 2018).			
	Part I:			
	-	Box I.8: Provide the code for the zone or the compartment of origin, if necessary, as defined under code in column 2 of Part 1 of Annex 1 to Regulation (EC) No 798/2008.		
	-	Box I.11: Name, address and approval number of the breeding establishment.		
	-	Box I.15: Indicate the registration number(s) of railway wagons and lorries, the names of ships and, if known, the flight numbers of aircraft. In the case of transport in containers or boxes, the total number of these and their registration and where there is a serial number of the seal it has to be indicated in box I.21.		
	-	Box I.25 (Category): Select one of the following: Pure line/grandparents/parents/laying pullets/eggs of turkeys for consumption/others; (Identification system and Identification number): Introduce the egg mark.		
Part II:				
(1)	For hatching eggs of poultry as defined in Regulation (EC) No 798/2008 with the exception of ratites.			
(2)	Code of the territory as it appears in column 2 of Part 1 of Annex I to Regulation (EC) No 798/2008.			
(3)	Keep as appropriate.			
(4)	Insert the name of compartment(s).			
(5)	This guarantee applies only for poultry belonging to the species Gallus gallus and turkeys.			
(6)	If any of the results were positive for the following serotypes during the life of the parent flock, indicate as positive: Salmonella Infantis, Salmonella Virchow and Salmonella Hadar.			
(7)	Keep if appropriate.			
(8)	At the time of consignment the eggs must be individually marked in accordance with Regulation (EC) No 617/2008, including the approval number of the breeding establishment, in indelible black ink; such markings must be in legible writing and in English.			
(9)	For countries or territories with the entry 'N' in column 6 of Part 1 of Annex I to Regulation (EC) No 798/2008, for hatching eggs of poultry other than ratites (HEP) only, this means that in the case of an outbreak of Newcastle disease as defined in Regulation (EC) No 798/2008 then the country code or territory code shall continue to be used but this will exclude any area under official restrictions, by the third country concerned in relation to Newcastle disease, at the date of issue of this certificate.			
(10)	This guarantee is only required for hatching eggs coming from countries, territories or zones with the entry 'X' in column 5 of Part 1 of Annex I to Regulation (EC) No 798/2008.			
<u>This certificate is valid for 10 days.</u>
